**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Gigabit broadband is essential to my home based business. Without competition in today's marketplace, I would have significantly reduced connectivity and speed. I previously switched from DSL to Broadband once a competitor to big Telecom became available in my area. With this competitor, I saved not only money but also increased the viability on my network for home and business purposes. Please do not be swayed by attempts to dismantle key components of the 1996 Telecommunications Act.

Thank you!
